

# **CONTENTS**

## **PART ONE: RESOURCE DATA**

### **Quick Reference Information 1**

- Safety Guidelines 1
- Phases and Activities of a Home Visit 3
- Essential Supplies and Equipment 4
- Bag Technique 5
- Tips About Documentation 6
- Home Care Nurse's Checklist for Effective Documentation 8

## **PART TWO: ASSESSMENT TOOLS**

### **Environmental Assessment: Home 11**

- Home Assessment Checklist 11
- Guidelines for Home Safety Assessment 14
- Environmental Assessment for the Elderly 15

### **Cultural Assessment 17**

- Cultural Characteristics Related to Health Care of Children and Families 18
- Multicultural Nursing Assessment 31
- Cross-Cultural Examples of Cultural Phenomena That Affect Nursing Care 32
- Characteristic Food Patterns of Some Cultures 34
- Cultural and Regional Foods 39
- Cultural Behaviors Relevant to Health Assessment 44
- Folk Healing Practices 46
- Healers and Their Scope of Practice 47

### **Family Assessment 49**

- Family Coping Index 49
- Sample Format for a Cross-Cultural Assessment of a Family With a Member With a Chronic Condition 56
- Family APGAR Questionnaire 58

### **Child Assessment 61**

- Pediatric Health History 61
- Physical Assessment and Examination of the Newborn 69
- Summary of Physical Assessment of the Newborn 70
- Pediatric Physical Assessment 80
- Performing a Pediatric Physical Examination 85

Age-Specific Approaches to Physical Examination During Childhood	88
Environmental Assessment for Children	91
<b>Adult Assessment</b>	<b>107</b>
Adult Health History	107
Functional Health Patterns Assessment: Adult	119
Adult Physical Examination	123
Assessment Tests	131
<b>Elderly Assessment</b>	<b>138</b>
Important Aspects of the History in the Elderly	138
Normal Physical Assessment Findings for Elderly Clients	139
<b>Situational Assessment</b>	<b>143</b>
<b>Activities of Daily Living</b>	<b>143</b>
Index of Independence in Basic Activities of Daily Living	143
Instrumental Activities of Daily Living	146
Dementia Assessment	148
Focused Assessment for Clients With Cognitive Impairment	153
Incontinence Assessment	158
URO-Log Voiding Diary	163
Hospice Psychosocial/Spiritual Assessment	165
JAREL Spiritual Well-Being Scale	166
Barthel Index	168
Assessment Data for Persons Experiencing a Loss	169
<b>Childbearing Assessment</b>	<b>170</b>
<b>Pregnancy</b>	<b>170</b>
Signs of Pregnancy	171
Categories of High Risk Factors	172
Specific Pregnancy Problems and Related Risk Factors	175
Prenatal Assessment Guide	176
Evaluation of Normal Pregnancy by Trimester	179
How to Recognize Preterm Labor	181
Signs of Potential Complications by Trimester	182
Symptoms of Impending Labor	183
Fetal Development	183
Laboratory Tests in Prenatal Period	185
Developmental Tasks of Pregnant Adolescents	187
Risk Factors in Teen Parenting	188
Normal Discomforts Experienced During Pregnancy	189

**Infancy** 198

Postpartum Care for the High-Risk Family	198
Neonatal Perception Inventory	203
Assessment of Infant Reflexes	207
Nursing Interventions to Assist in Stressful Situations During Infancy	212
Nursing Interventions to Prevent Aspiration of Foreign Objects by Infants	212
Clues to Difficulty in Parent-Infant Bond Formation	213
Clinical Manifestations of Dehydration	214

**Postnatal Care** 215

MIST: Mother/Infant Screening Tool	215
Psychosocial Perinatal Warning Indicators for Families at High Risk for Abnormal Parenting Practices	218
Progression of Puerperal Changes	224
Signs of Potential Physiological Problems	226
Protocol for Postpartum Home Visit	226

**PART THREE: SCREENING TOOLS****Clinical Decision-Making Guides** 229

Signs and Symptoms of Congestive Heart Failure	229
Signs and Symptoms of TIA	231
Warning Signs of a Stroke	232
Classification of Cerebral Aneurysms	233
Comparison of Expressive and Receptive Aphasia	233
Types of Aphasia	234
Communicating With Aphasic Clients	235
Comparison of Delirium, Depression, and Dementia	236
Four Phases of Alzheimer's Disease	238
Criteria for Clinical Diagnosis of Alzheimer's Disease	239
Classification of Seizures	241
Common Causes of Transient Urinary Incontinence	242
Types of Urinary Incontinence	245
Elements of an Incontinence Assessment	246
Elements of a Supplemental Urinary Incontinence Assessment	246
Focused Physical Examination for Bowel Function Evaluation	247
Causes of Fecal Incontinence in the Aged	248
Fecal Incontinence Assessment	249
Types of Skin Lesions	250
Characteristics of Pressure Sores—Ulcer Sites	252

Bates-Jensen Pressure Sore Status Tool 253  
 Norton Scale Pressure Sore Risk Assessment 260  
 Stages of Pressure Sores 261  
 Prevention of Pressure Sores 261  
 Aspects of Care for Pressure Ulcers 262  
 Braden Scale for Predicting Pressure Ulcer Risk 263  
 Screening for Common Orthopedic Problems in Infancy and Childhood 267  
 Criteria for Grading and Recording Muscle Strength 275  
 Signs and Symptoms of Depression 275  
 Special Musculoskeletal Assessment Techniques 276  
 Effects of Alcohol on Organ Systems 278  
 Levels of Intensity of Hallucinations 280  
 Diagnostic Criteria for Attention-Deficit Hyperactivity Disorder (ADHD) 281  
 Classification of Hearing Loss Based on Symptom Severity 282  
 Risk Criteria for Sensorineural Hearing Impairment in Young Children 282  
 Hearing Screening: Tuning Fork Tests 284  
 Clinical Manifestations for Detecting Hearing Impairment 286  
 Vital Signs Along the Age Continuum 288

**Tools and Measurements 290**

**Pain Measurement 290**

Typical Areas of Referred Pain 291  
 Initial Pain Assessment Tool 292  
 What Does Your Pain Feel Like? 293  
 How Intense Is Your Pain? 293  
 Brief Pain Inventory (Short Form) 294  
 Pain Intensity Scales 296  
 Wong-Baker FACES Pain Rating Scale 297

**Other Measurements 298**

Lesion Size Measurement 298  
 Guidelines for Referral Regarding Communication Impairment 299  
 Glasgow Coma Scale 299  
 Rancho Los Amigos Scale of Cognitive Levels and Expected Behaviors 300  
 Normal Values of Cellular Blood Components 301  
 Diagnostic Tests for Phenylketonuria 303

**PART FOUR: NUTRITION GUIDELINES**

**Guidelines for Children 305**

Diet History for Children 305  
 Clinical Assessment of Nutritional Status in Children 307  
 A Diet History Questionnaire for Infants Through Teenagers 313  
 Guidelines for Feeding During the First Year 320  
 Guidelines for Formula-Feeding 322  
 Normal and Special Infant Formulas 323  
 Nutrition Guidelines for Diabetes in Pediatrics 331  
 Nutrition Guidelines for Children With Hypoglycemia 332  
 Nutrition Guidelines for Children With Cystic Fibrosis 333  
 Nutrition Guidelines for Children With Phenylketonuria 334  
 "BRAT" Diet 336  
 Sample Menus for Pregnant Adolescents 337

**Guidelines for Adults 340**

Clinical Signs of Nutritional Status 340  
 Nutritional Screening Tool 342  
 Mini Nutritional Assessment (MNA) 344  
 Nutritional Strategies for Two Types of Diabetes 346  
 Calorie Controlled Diet 347  
 Nutrition Guidelines for Diabetes 348  
 Nutrition Guidelines for Diabetes During Pregnancy 351  
 High Carbohydrate, High Fiber Diet 353  
 No-Concentrated Sweets Diet 361  
 Nutrition Guidelines for Reactive Hypoglycemia 363  
 Nutrition Guidelines for Pregnancy and Lactation 365  
 Exchange Lists for Meal Planning 367  
 Dietary Strategies for Vomiting 377  
 Overcoming Taste Problems 378  
 Dietary Modifications for Diarrhea 379  
 Vegetarian Diet 380  
 Vegetarian Varieties 382  
 Fat in Selected Vegetarian Foods 384

**General Guidelines 385**

Suggested Weights for Adults 385  
 Determine Your Nutritional Health 386  
 Family Nutritional Assessment Tool 389  
 Nutritional History Guidelines for Home Care Clients 392  
 Client Teaching Guidelines for Breastfeeding 394  
 Formula Preparation and Feeding 396  
 Modifying Behavior to Promote Weight Loss or Maintenance 399

**Controlling Fat in the Diet 400**

- Dietary Principles for Low-fat and Fat-free Diets 400
- Fat and Cholesterol Content of Selected Foods 402
- Food Tips to Reduce Fat, Saturated Fat, and Cholesterol 404
- Figure Out Your Fat 404

**Eating Disorders 405**

- Eating Disorder Definitions 405
- Clinical Manifestations of Bulimia and Anorexia 406
- Guidelines for Teaching the Client With an Eating Disorder 406
- Expected Outcomes for the Client With an Eating Disorder 407
- Size Acceptance Scale 409

**PART FIVE: INTERVENTION GUIDELINES****Techniques for the Nurse 411**

- Hand Washing Technique 411
- Sterilizing Equipment in the Home 412
- Solutions 413
- Improvised Equipment 416
- Specimen Collection Techniques 419
- Peritoneal Dialysis and Continuous Ambulatory Dialysis 420
- Cast Care 423
- Application of Male External Catheter 426

**Emergency Procedures 428**

- Sequence of CPR in Adults and Children 428
- Heimlich Abdominal Thrust Maneuver 432
- Signs and Symptoms in Early and Late Shock 434
- Types of Shock 435
- Clinical Manifestations of Hypovolemic Shock 436

**First Aid 437**

- First Aid Tips 437
- First Aid Treatment for Poisoning 439
- Pediculosis 441
- Removal of a Tick 442
- Checklist of Treatment for Animal Bites 443
- Rabies Postexposure Prophylaxis Guide 443

**Skin and Wound Care 444**

- Helpful Tips 444
- Treatment Options by Ulcer Stage 445

- Performing Wound Irrigation 447
- Surgical Wound Classification 449

**Diabetes 450**

- Testing Blood for Glucose 450
- Guidelines for Foot Care for the Client With Diabetes 452
- Assessment of Feet of the Client With Diabetes 453
- Risk Categories and Associated Footwear Guidelines 453
- Insulin Injection Sites 454
- Comparison of Hyperglycemia and Hypoglycemia 455
- Specimen Labeling and Transport 457

**Orthopedic Care 458**

- Range of Motion 458
- Walking With Crutches 465
- Walker Use 470
- Transferring and Positioning of Immobile Clients 470

**Intravenous Care 473**

- Intravenous Therapy 473
- Home Care Teaching for IV Therapy 479
- Collecting Blood Specimens by Venipuncture 481
- Vascular Access Devices 486
- Criteria for Admission of Client to Home Infusion Therapy 489
- Central Venous Catheter Management 490
- Declotting a Port-A-Cath 496
- Groshong Catheter Management 497
- Implantable Vascular Access Device Management 501
- Multiple Lumen Nontunneled Catheter Management 505
- Peripheral Insertion of a Central Venous Catheter 509
- Peripheral Intravenous Management 513
- Troubleshooting IV Therapy 518

**AIDS 519**

- Aerosolized Pentamidine Administration 519
- Guidelines—Infection Control for Home Health Care of Persons With AIDS and Other Infectious Diseases 522
- Dealing With Loss of Appetite, Nausea, and Vomiting in AIDS 525
- Safety Tips for the Caregivers of Persons With Confusion or Impaired Judgment Associated With AIDS 526
- Use of Antiretroviral Drugs 528

- Diagnosis of Infection in HIV-Exposed Infants 530
- HIV and AIDS Infection in Children and Teens 531
- HIV-Associated Conditions in Pediatric HIV Infection 533
- Testing and Preventive Therapy for Tuberculosis Infection in HIV-Infected Individuals 533

### Special Training 536

- Bowel and Bladder Training 536
- Fecal Impaction 537
- Ostomy Care 539
- Contraindications to Colostomy Irrigation 540
- Pouching a Colostomy or Ileostomy 541

## PART SIX: TEACHING TOOLS

### Anticipatory Guidance 545

- Preventing Respiratory Infections 545
- Infection Control 546
- Guidelines for Preventing and Controlling Nosocomial Infections 550
- Insulin Adjustment During Jet Travel Across Multiple Time Zones 552
- Safe Use of Medicines by Older People 553
- Hazards of Polypharmacy 555
- Exercise Tips for Pregnant Women 557
- Kegel Exercises and Pregnancy 558

### Therapeutic Interventions 558

- Breathing Exercises to Relieve Dyspnea 558
- Aerosol Therapy (Nebulizer) 561
- Step Approach for Therapeutic Management of Asthma 562
- Metered Dose Inhaler 563
- Using an Inhaler 564
- Guidelines for Instillation of Eyedrops and Ointments 568
- Eyedrops and Look Alikes 570
- Instructions for Use of Ear Wash and Drops 570
- Administration of Ear Drops 572
- Sublingual Administration 573
- Administering a Rectal Suppository 573
- Administration of Vaginal Medication 574
- Using Oxygen at Home Teaching Guide 574
- Chest Physiotherapy 576

- Guidelines for Women With Lymphedema 578
- Postmastectomy Exercises 579

### Pharmacological Issues 582

- Summary of Essential Equivalents 582
- Calculating Pediatric Dosage 584
- Calculation of IV Rates 585
- Diagnosis of Tuberculosis Infection: Tuberculin Skin Test 588
- Biological Agents for Diagnostic Tests 589
- Common Tests for Screening Selected Conditions 590
- Food-Drug Interactions 592
- Drugs That Change Urine or Stool Color 594
- Drug-Nutrient Interactions 595
- Drug Interactions With Antibiotics 602
- Selected Types of Laxatives 603
- Over-the-Counter Varieties of Laxatives 604
- Site and Mechanism of Action of Laxatives Within the Intestines 606
- Drug Effects of Laxatives 607
- Therapeutic Effects of Laxatives 608
- Adverse Effects of Laxatives 608
- Drug Interactions of Laxatives 609
- Dosages of Selected Laxative Agents 610
- Pharmacology of Antidepressants 612
- Side-Effect Profiles of Antidepressants 614
- FDA-Approved Indications, Dosage, and Administration for Benzodiazepines 616
- Benzodiazepine Overdose 618
- Lithium Dosage and Administration 619
- Client Teaching Tips for Psychotherapeutic Agents 620
- Factors Affecting Lithium Serum Levels 622
- Characteristics of Insulin Preparations After Subcutaneous Administration 623
- Pharmacokinetics and Usual Adult Dose of Hypoglycemic Agents 624
- Hypoglycemic Oral Agents: Side Effects/Adverse Reactions 626
- Drugs With the Potential to Cause Intellectual Impairment 626
- Some Preventable Drug Interactions Through Proper Administration 627
- Effects of Systemic Drugs on Vision 631
- General Physiological System Characteristics of Drug Toxicity 631
- Common Useful Over-the-Counter Preparations 632

**Considerations for the Elderly 633**

Medications That Should and Should Not Be Used  
by Older Adults 633

Special Drug Considerations for the Elderly 635

Side Effects of Drugs Used by the Elderly 642

How to Assess the "At-Risk" Geriatric Client 644

Medications Most Commonly Prescribed for the Elderly 645

Selected Problem Medications for the Elderly 646

Factors That May Complicate Drug Therapy in the Elderly 646

Inappropriate Drugs for the Elderly 647

Toxic Characteristics of Specific Drugs Prescribed  
for the Elderly 648

**Index 651**
